BROCHURE HOSPITALITY PARKING

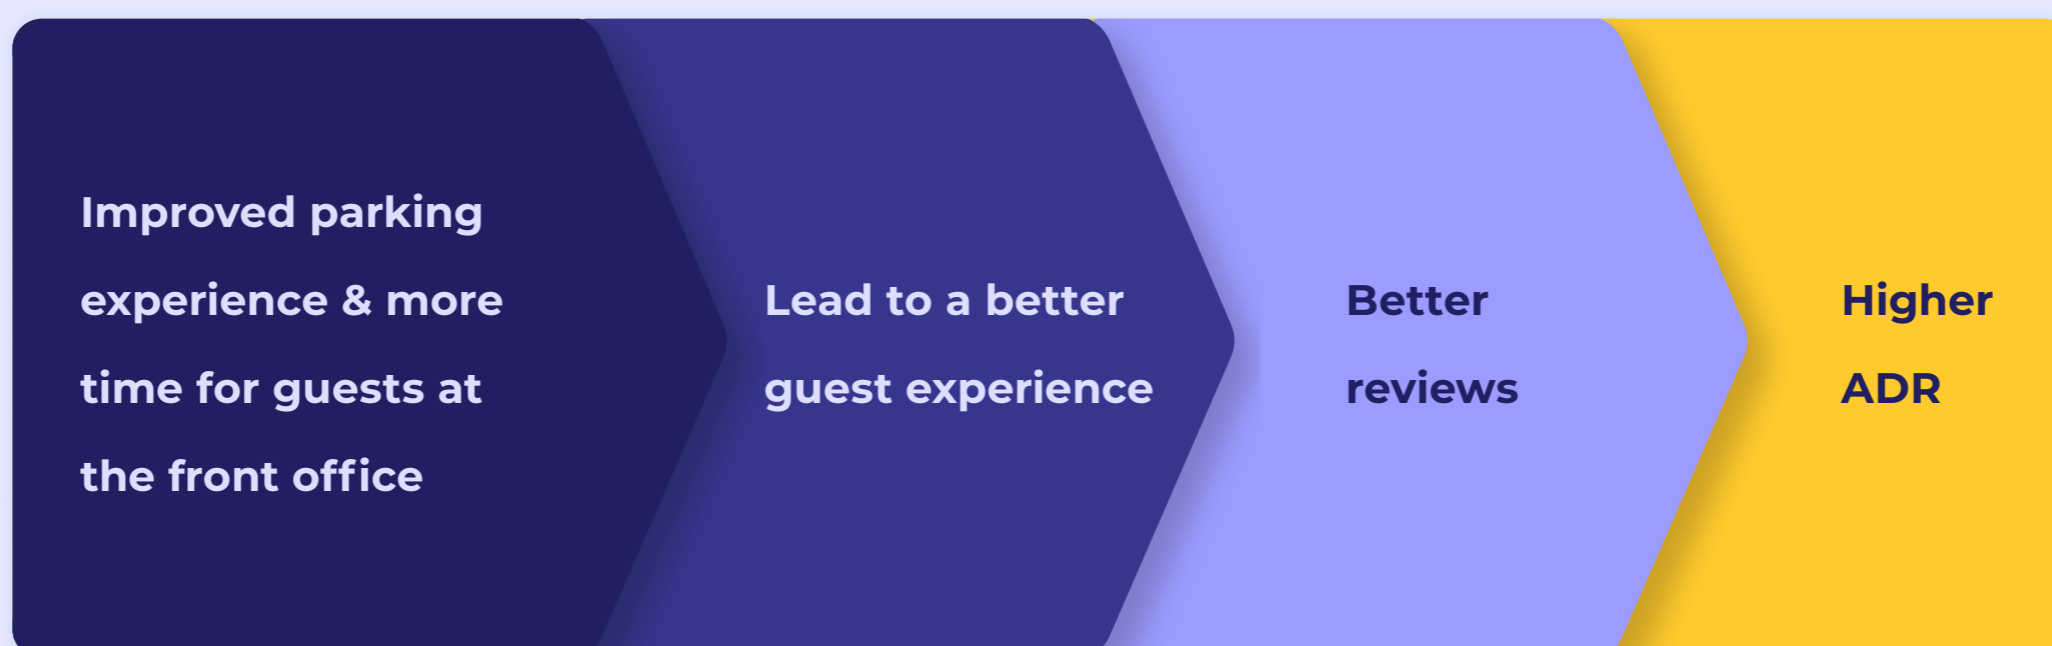

The all-in-one parking solution for a better guest experience, less manual work for your front office and better reviews.

TOOGETHR HOSPITALITY PARKING

Toogethr offers the all-in-one smart parking solution for hotels:

- ✓ Save 8 hours of manual work for your front office by automating the parking process
- ✓ Enhance the guest experience: Allow guests to book their own parking spot and ensure a seamless arrival and departure
- ✓ Generate more revenue with empty parking spaces

Ensure better reviews and happy guests

Toogethr Hospitality Parking enhances hotel and hospitality reviews through smart technology. Our parking management system offers hotels valuable insights, control, and optimisation options for their parking facilities.

We often speak with hotel managers and hear some recurring issues:

- ✓ Growing need for automation due to a tight labor market
- ✓ Struggles with an overly busy front office.
- ✓ Digitalisation enhances the guest experience and boosts revenue
- ✓ Rising demand for charging stations due to the increasing number of electric vehicles

OUR SOLUTION

Together Hospitality Parking improves hospitality and hotel reviews through advanced technology. Our sophisticated parking management system offers hotels comprehensive insights into their parking data and the control needed to optimise their parking policies. Our system enables hotels to efficiently manage their parking options, ultimately enhancing guest satisfaction.

“With Together Smart Parking, guests can easily reserve parking spots in advance, including optional charging points.”

Alexander Youssef,
Managing Director Nils am See Hotel

Benefits of Together Parking

Predictability for guests

Guests can book a parking spot in advance.

Optimised revenue

Occupy empty spots by renting them out to non-hotel guests.

Increased hospitality

A good and quick parking experience enhances the experience for both guests and employees.

Groups can pre-book parking spots

Meetings & Events can either pre-book parking spots themselves or let the client do it.

THE ALL-IN-ONE SOLUTION FOR A BETTER GUEST EXPERIENCE AND LESS MANUAL WORK FOR YOUR FRONT OFFICE.

Do you recognise the challenges mentioned in this brochure? We are here to assist with your unique parking needs, helping to lighten your front office's load while warmly welcoming your guests. In a 30-minute phone call with a parking specialist, we'll identify how we can assist you.

You can schedule a meeting directly via the button below at a time that suits you.

ABOUT TOOGETHR

Since 2016, Togethr has been helping companies like Heineken, Danone, and Red Bull optimise their parking lots and make commuting more sustainable. Togethr Smart Parking helps companies gain insights, reduce parking pressure, and increase revenue.

With Togethr Cycles, we offer a complete solution to encourage cycling. Our products help organisations reduce their CO2-footprint, improve office accessibility, and become more appealing employers.

Togethr is part of the AutoBinck Group.
